updated 1. 6. 2023 | published 1. 6. 2023

Summary

Fits Milwaukee M18 Red Lithium batteries

[Hobby & Makers](#) > [Tools](#)

Tags: [battery](#) [batteryholder](#) [milwaukee](#)

Prints upright with no supports necessary.

Two small supports designed into the model. (should pop right out)

Adding wires and connectors is up to you.

Designed around the M18 Red Lithium batteries that I have.

Cannot confirm fitment for larger batteries as I have not tested them.
