Tags: closet closethanger clotheshanger hanger organization ties

A simple tie hanger with which to organize your neckties, bow ties, and anything else that might fit.

The general idea, shape, and sizing is remixed from Starno's Tie Hanger, but includes eight hooks instead of four because I wanted more on one hanger! I've included my CAD models in case anyone wants to change the hook count or otherwise remix the design - please feel free.

I printed this out of PLA, 14% infill with 4 walls all around for about 21g / $0.44 of filament.
