Summary

PRUSA Side Storage Trays (right and left) with honeycomb cutouts to save filament and print time!

3D Printers > 3D Printers - Upgrades

Tags: upgrade organizer filter stand clip cutter benchy storage brush bracket comb honeycomb tray guide tools dust nozzles improvement spatula drawer clippers

The original design was a nice start / frame, however, I thought it would be an improvement (and a big savings on filament / print time) to add honeycomb cutouts, a 45° front angle (to match the OEM front panel angle), & added the PRUSA logo/ font to the front of the tray for an improved OEM look.

- Right side with PRUSA logo

- Right side with no logo
- Left side with PRUSA logo (and cutout for SD card)
- Left side with no logo (and cutout for SD card)
- **New 7/15/22** 2COLOR top trim files added (Credit **jamesgt**)
- **New 7/15/22** files added PRUSA letters added for 2COLOR logo (Credit **jamesgt**)

This tray is the perfect place to store your spatula, clippers, dust filter, trinkets etc. **Pretty-Please** don't forget to post your make after your build :)

Printing: No supports needed.

Installing Tip: Push up @ ~45 degrees toward the printer from the bottom of the tray near the connectors.

Bonus: Check out my control knob upgrade model, “The Best of Both Worlds” (as seen in pictures) here: https://www.printables.com/model/240252-ultimate-printer-knob-upgrade-the-best-knob-of-bot/comments
