Combine your love of Polaroid cameras and indoor plant life with this 3D printed planter shaped in the style of the iconic Polaroid Instant camera. I designed this planter to be the exact size of a actual Instant camera, the exact dimensions are (5"x4.5"x4"). the top opening for a plant is roughly 2.25"x1.75"

This is a great piece of décor for your home or a great gift for anyone in your life that loves Polaroid cameras.
