This is a remix of Killonious's model, which I edited to make it wearable and suitable for cosplay use. Original non-wearable version: <https://www.thingiverse.com/thing:2718242>

Edit: Added split versions, use the one-piece model if you can, the 3-way split version if you must, and the 6-way split if you're just really overdetermined. You will need supports for the 6-way version.

This remix is based on
