Summary

Remix to remove the top half of the back honeycomb and to double the stability while hiding the nails better.

Art & Design > Wall-mounted

Tags: display shelf wall wallmount honeycomb shelves wallhanger hangingshelf hangingshelves

Remix to remove the top half of the back honeycomb to give a 'floating' look and to double the stability while hiding the nails better

Print one frame piece and two side grills (Preferably in an accent color)

Don't forget to resize the grills accordingly if you resize the shelf

Oh and thank you Ryan Millar for the original :]

Edit: Changed the files a little to fix some weird geo that was giving me errors in Cura

This remix is based on

Honeycomb Display Shelf (No Supports Required)
