Tags: [collection](#) [cyclone](#) [dust](#) [shop](#) [vac](#) [woodworking](#)

Cyclone dust collector for a 2.5" hose. Made to be as large as could be on a Prusa i3 mk3s.

I used m3 hardware to put the top and bottom together but glue would work just as well. 1/4-20's for attachment to the bucket. I put this on top of a 5 gallon bucket for my shop vac.
