- Printable in PLA
- Layer height 0.3mm
- No supports

Sorry for the photo on the cover which unfortunately does not correspond to the .stl model because the latter has been improved.

I still hope you like the model :)

## Changelog :

#### Multi battery dispenser V2

- Rails interrupted to facilitate the extraction of the batteries.

- Bridges moved to the outside of the rails to facilitate the sliding of the batteries

Thanks to SirHair & Veluxor for suggestions.
