Summary

Finally! A battery box that can hold the entire package of batteries from Costco/Sam's Club.

Hobby & Makers > Organizers

Finally! A battery box that can hold the entire package of batteries from Costco/Sam's Club. Plus, a small screwdriver that you never have nearby to open the battery compartment to change the batteries.

I was tired of having battery boxes/storage that would only hold 20 or 30 AA batteries, but the package from Costco would have 48 batteries. Then you have the storage box plus the package of leftover batteries that wouldn't fit.

AAA / AA - 50 batteries each

C / D - 18 / 15 batteries respectively.

Added some different size batteries:

9 volt (20 batteries)

C123 (28 Batteries)

Coin Cell (CR2032, CR2025, CR44, CR2016) 10 each

Coin Cell (Just CR2032 and CR2025) 20 each
