Summary

Bracket for AL-KO 350-4 cultivator

[Hobby & Makers](#) > [Mechanical Parts](#)

Bracket for AL-KO 350-4 cultivator. Mine was broken when I bought it, so I wiped up a new one in fusion.

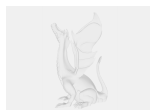

Printed in PA6 6F, 0.6m nozzle, 25% infill and 3 perimeters.

It was a bit too tight, so I adjusted the model. Should fit better now. Otherwise adjust in the attached fusion model.
