Summary

Storage\Dispenser for microwaveable popcorn bags

[Household](#) > [Kitchen](#)

Tags: [dispenser](#) [kitchenorganizer](#) [popcorn](#)

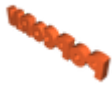

Designed to store and dispense microwaveable popcorn packets. This is a first version, so changes could and probably will be made.

When printing the kernel or lettering inserts, recommend scaling them down just a bit from the original as they did not fit properly. I ended up not using the lettering for my initial print and instead painted it with acrylic paint. Kernel is held on with Gorilla glue epoxy.
