### Summary

Original desing was for Ender3. Had to be resized to fit Aquilla. Added Aquilla logo on top side of the housing.

Found the model on Yeggi. Reesized it to and added Aquilla logo. Printed in PETG. Model could be longer for 20mm if you need more space for tools.

For the drawers you can use any of the many Ender 3 designes. Justt resize it to the size needed for this housing.
