Summary

I had to adjust the clip separating 1mm more since the ventilation grille of a Citroen C4 is thicker.

Tags: [car](#) [holder](#) [phone](#) [phoneholder](#)

I had to adjust the clip by separating the legs 1mm more from each other since the ventilation grille of a Citroën C4 is thicker so it split before fitting correctly.

I have printed it in ASA PRUSAMENT GALAXY BLACK so that it can withstand the temperatures of the car in summer. I recommend it.
