Summary

A traffic cone model with three color in concept.

[World & Scans](#) > [Architecture & Urbanism](#)

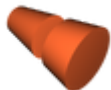

Tags: [mmu](#) [trafficcone](#)

A traffic cone model with three colors in concept. Default size of the printable model is 70 mm in height. It serves as an 1:10 miniature of a real traffic cone with 700 mm in height and a 353 mm × 353 mm square bottom.

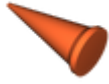

The “Hollow” part is meant to be imported as a “negative volume” in slicer. You can adjust its size to modify the ratio of the empty part under the cone.
