## Summary

Bracket for lowering the armrest on the frontside, useful if your table has a protruding frame.

Tags: [ikea](#) [office](#) [bracket](#) [chair](#) [markus](#)

Make the part as strong as possible, use ABS (or PETG), print with 4 Perimeters, 4 top/bottom and >40% infill. If it fails, then under load and the load is, in the worst case, you, leaning on the armrest while sitting down on the chair.
