This is a stand for the DaVinci IQ dry herb vaporizer. If you're using the vaporizer with the 10 mm adaptor (the mouthpiece with the stem), the stem prevents standing the vaporizer on it's end while you fill it. This stylish little stand solves that problem. There are two versions included:

- one with the cannabis leaf base
- one without the cannabis leaf base

The cannabis leaf provides a more stable base so that it won't fall over if you bump the vaporizer while it's in the stand.
