updated 23. 12. 2022 | published 23. 12. 2022

### Summary

A little holder for filament coils or leftover filaments.

6.25 hrs

4 pcs

0.20 mm

0.40 mm

PLA

82 g

Prusa MINI /  
MINI+

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [spool](#) [filament](#) [filamentspool](#) [coil](#)

### Why

Handy if you have lots of spools with a little bit of filament, or you can use it if you have a lot of filament coils everywhere.

### Assembly

It should press-fit together, if it doesn't, sand it a little bit until it does press-fit. On my Prusa Mini this wasn't necessary.

### Print settings

Layer height: 0.2 mm

Perimeters: 6

Infill: 100%

Material: PLA
