Lucky 13 Door Man Joe head
If you like it --> press like it :-)

Door Man Joe head as a remix for the funny lucky 13 figure.
The original is from [pLfuego](#), i like the scary design.

There are two versions, one which will need maybe no supports and one which will need supports at the upper teeth.

Take a look at my models, there you can find some more equipment for lucky 13.

Update 10.08.2022: added head which is lower on the body (DMJ_deep).

Would be happy to see your makes!
