Summary

A compact, wall mounted drill bit holder for bits in Metric units. Original author - toddanglin

Tags: [drill](#) [drillbit](#) [drillbitholder](#) [holder](#) [wallmounted](#)
[workshop](#)

I did my remix of the toddanglin design in metric units
There are also 3 versions Polish / English and no descriptions
I used 3.5x30 mm wood screws for mounting
The diameter of all drill holes is 0.4mm larger so that there are no problems with removing and inserting the drills (or at least I think it will not be)

This remix is based on

Wall mounted drill bit holder

by toddanglin
