Designed for use on DJI FPV Goggles, making it possible to fit a standard goggle strap to the closed oval buckles. I found the principle of this design from ErikWTN.

This version is however specially redesigned for printing in PLA. Making it more rigid and a much better fit to the goggles.

Printing:

PLA

100% infill

Print Settings

Printer Brand:

Creality

Printer:

Ender 5

Rafts:

No

Supports:

No

Resolution:

0.10 mm

Infill:

100

Filament: Generic PLA Black How I Designed This

=====

Designed with Fusion 360
