This sign can be placed on a balcony door frame, or on a window to indicate the fastest way out for any unwanted guests. The sign reads “The fastest way out is this way” and includes a graphic of an stick figure falling.

The print should be printed with the words flat on the print bed. You will need supports for the tail of the ‘y’ in “way”. It had to be pushed out to reach over the door frame. I have also included the model chopped into pieces to fit a smaller print bed (fits Prusa Mini+). After printing the smaller pieces, they can be assembled with super glue, or your preferred adhesive.
