updated 7. 8. 2022 | published 7. 8. 2022

## Summary

The stock handle is too difficult to detach.

[Hobby & Makers](#) > [Electronics](#)

The stock handle is too difficult to remove.

There is definitely something wrong with the water tank handle of the Mijia dehumidifier 2022 version.

With this model you will be less stressed when cleaning the water tank.
