### Summary

A quick and dirty remix in Thinkercad I created to house the toy cars of our kids (20 cars, 16 inside, 4 on top).

A quick and dirty remix in Thinkercad I created to house the toy cars of our kids (20 cars, 16 inside, 4 on top). Due to its dimensions a lot of cars fit.

I printed it in PETG-G, but I would advise using PLA.

### This remix is based on

**Hot Wheels Tower Display Remix**
