Summary

Perfect and easy to print toy set for your kids to play with in their "kitchen". My 5 and 3 yr old girls love it.

Kids love to play kitchen and of course kitchen sets can get pricy. I decided to make a set that is easy to print and gives the option for kids to "custom order" the snacks that they inevitably bring to you.

I would love to see some makes and some additional toys made that fit the theme. Any other creators adding parts and pieces to it would give me more stuff to print and my girls and me would love that haha.
