[Household](#) > [Other House Equipment](#)

A simple internal thread to serve as the base for mounting things to a wide-mouth mason jar. Can also be used to build a custom lid.

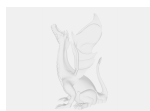

Created using CadQuery! Cadquery python file attached.

Including the following dimensions, as I had a hard time finding them online:

- Mason thread outer diameter: 82mm
- Mason thread pitch: 6.5 mm (6-7mm)

Category: Replacement Parts
