updated 6. 8. 2022 | published 6. 8. 2022

Summary

Spoon for scooping powder detergent, handle is angled so you can leave the scoop in the box.

[Household](#) > [Bathroom](#)

Tags: [machine](#) [scoop](#) [washing](#)

Print with 45 degree side on build plate. Supports on one corner and handle only. Rest of the overhangs is maximum 45 degree. Check picture for reference!

I used 0,2 layer height with 30% cubic infill and 3 perimeters.
