## Summary

Holds two normal size kitchen sponges

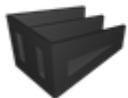

[Household](#) > [Kitchen](#)

Tags: [kitchen](#) [kitchenorganizer](#) [sponge](#) [spongeholder](#)

After trying to find a sponge holder that was simple looking and easy to print, I decided it would be fast to design my own. Cutouts are to assist in drying. The section where the sponge sits is angled slightly for water to drain out. The underside has flat spots to attach clear bumper pads (used these: <https://a.co/d/iONKnkP>)

The example in the pictures is printed in Matte White PLA orientated with the back side placed on the printer bed. Enjoy!
