Howdy,

Again I needed a way to get this off of my counter in the garage. It's not perfect but it holds the battery charger perfectly and lets the hinged door open and close.

Very sturdy in the pegboard with all of the horizontal holders. The hooks are the same as from my other projects.

This print takes a while because it's so tall.

Thanks

Print Settings

Printer Brand:

Creality

Printer:

Ender 3 Pro

Rafts:

No

Supports:

Yes

Resolution:

0.2

Infill:

20%

Filament: Overture PLA Grey

Notes:

Print with support for the hooks. I like tree supports.

Category: Tool Holders & Boxes
