Tags: [24mm](#) [hdr50](#) [railmount](#) [twisted](#) [umarex](#)

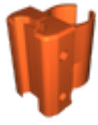

LED flashlight holder for RIS rail with screws.

Perfectly fits HDR50 (Umarex) on the top rail.

Fits flashlights with a diameter of approx. 24.5 mm.

In addition, 2 cylinder head screws M3x30 (preferably black because of the optic) are required. You can order them online, from ebay or your preferred hardware store.
