### Summary

Quick print for strong whiteboard magnets that are easy to grab

[Household](#) > [Office](#)

Tags: [magnet](#) [magnetic](#) [organization](#) [pin](#) [whiteboard](#)  
[whiteboardmagnet](#)

Print at 100% infill.

Needs two 6x2mm neodym magnet.

Use superglue for the magnet. Make sure the magnet is flush with the top while the glue hardens. Let the glue fully dry before you put it on your whiteboard.
