Summary

Made this as a travel set for a school trip. This was a custom remix of two Thingiverse designs.

This little travel domino set was a big hit during a recent trip to Disney! I used the two links below as source material, but remixed from there. Print in two colors for awesome contrast.

If you are in need of some good filament at a decent price, this is my go to filament for most purposes: <https://amzn.to/3JXFRq2> Try it out and let me know what you think!

Hope you enjoy this cool little print. Please post a picture and leave a like if you print, it really helps out the makers here on Printables!

***Some makers have reported to box being a little too tight/small. One, GB, stated he increased the box Z scale to 110% and had great results. Hope this helps!!!"
