Tags: [bumper](#) [door](#) [doorhandle](#) [handle](#) [tpu](#)

A simple bumper that can be attached to an handle to prevent damage to your wall.

This model is designed to be printed in flexible filament like TPU.

The parametric file is provided so you can modify it to fit your own doors, simply change the values of 'd right hole' and/or 'd left hole' which correspond to the hole diameter and you should be fine.
