Spacers for a common modification to a Losi/TLR TLR22/22T

Instructions

This is a spacer set for a TLR 22 22T to raise the transmission case by 1mm, as described in the Losi racing blog entry <http://losiracing.blogspot.com/2012/01/raising-transmission-in-tlr22-and-22t.html>

No need to clip/sand the transmission mount.

Print as needed to get a 1mm height

I use 80% infill and .20 layer height.
