### Summary

Then Marcell environmental monitors don't include a wall mount - better to print .50 of plastic than spend \$15US.

This is a wallmont for the Marcell Temperature and Power Celluar Monitor. Specifically this one <https://www.meetmarcell.com/product/temperature-humidity-monitor/>

I printed in PLA with supports, back of mount on bed. Easily mounted either with screws or command strips.

You can directly access this In onshape.
