Summary

Simple and neat SD Card Adapter Holder.

1.10 hrs

1 pcs

0.20 mm

0.40 mm

PLA

8 g

Creality
Ender 3 V2

[3D Printers](#) > [3D Printers - Upgrades](#)

Couldn't find something simple so I made my own.

- Since the version in the image, I've updated the model so that the adapter will fit a bit more snugly.

Print Settings:

- 50mm/s
- PLA (almost any generic filament should also work)
- Supports are needed if printed the default orientation
