WORK IN PROGRESS!

BE SURE TO CHECK THE SCREW CLEARANCE ON THE PHONE MOUNT, SO IT DOESN'T SCRATCH THE BACK OF YOUR PHONE.

I wanted to get the phone closer to the lens, It also makes the design simpler.

I also edited the clamp for my binoculars, I have included that too, the inner diameter is 34mm.

Parts from the modular mounting system (<https://www.thingiverse.com/thing:2194278>):
