Summary

Don't Ask me how this goes with Alice in Wonderland but this is what I was asked to make for someone.

[Household](#) > [Kitchen](#)

I made this because I sell cookie cutters to people in my area. For the longest time I made them without putting them up on here so I Thought I finnaly should do this for others who might want them so here you go.

These Cutters are **3.5"** tall and I recommend **100% Infill** on the but for speed I only use **20% Infill** and it works fine.

Don't Ask me how this goes with Alice in Wonderland but this is what I was asked to make for someone.
