updated 8. 8. 2022 | published 8. 8. 2022

Summary

An updated version of my direct drive mount for Adimlab printers.

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [adimlab](#) [adimlabs](#) [dragonhotend](#) [mosquitohotend](#)
[orbiter](#) [orbiterextruder](#) [orbiterv15](#) [orbiterv20](#) [phaetus](#)
[sherpamini](#) [sherpaminiextruder](#) [sliceengineering](#)

Updated version with improved heatsink duct and part cooling duct.

Part cooling mount now also uses heat-set thread insert rather than a free nut.
