updated 8. 8. 2022 | published 8. 8. 2022

Summary

updated versions of my direct drive mount for Creality printers.

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [bltouch](#) [cr10](#) [creality](#) [dragonhotend](#) [ender3](#)
[mosquitohotend](#) [orbiterv15](#) [orbiterv20](#) [phaetus](#) [sherpamini](#)
[sliceengineering](#)

Improved heatsink duct and part cooling duct, part cooling fan now uses a heat-set thread insert for mounting.

also included is a trimmed X endstop mount to clear the part cooling fan.
