### Summary

Use this phone mock-up to conform a pocket to better fit a Samsung Galaxy S20 Ultra with a case on it.

---

---

This mock-up is based on the size of my Galaxy S20 Ultra phone with a thicker Otterbox case. I made it because I had a pocket on a new pair of jeans that normally fits my phone just fine, but must have been sewn incorrectly and was tighter than usual. I put this mock-up into the pocket whenever I wasn't wearing the jeans. After a total of a week or so spent in the pocket, there was plenty of room to slip my phone in like normal. Even after a few washes it still fits fine.

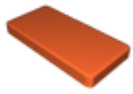

Printed in Atomic Extreme Impact Gun Metal Gray v2 - PLA

.4mm nozzle

.25mm layer height

20% adaptive cubic infill and 4 perimeters for strength
