V2: 23/12/2021

Made headphone holder thicker so item can be printed on its side, meaning the controller holding part is much stronger. Still no supports needed

V1:

The original model this was made from felt a little weak on the controller section, and could fail after prolonged use with a heavier controller. I have added a 45° angle support to fix this issue.

## Print Settings

### Printer Brand:

Prusa

### Printer:

i3 MK3

### Rafts:

No

### Supports:

No

### Resolution:

0.2

### Infill:

30%
