### Summary

I think the Jewelry Hand is great for finger rings, but not so well suited for small earrings and other small objects....

I think the Jewelry Hand is great for finger rings, but not so well suited for small earrings and other small objects. So there is a need for a voronoi remix!

There are three types of Jewelry Hands to download:

- coarse, with big voronoi cells - should be easy to print
- medium, with smaller voronoi cells
- fine, with the smallest voronoi cells - hard to print
