Summary

A AirTag isn't that useful if a thief just removes or destroys it. Here's a bottle holder that lets you hide the AirTag.

A AirTag isn't that useful if a thief just removes or destroys it. Here's a bottle holder that lets you hide the AirTag in it. So it is not as obvious that there is an AirTag and where it is.

The lid can be unscrewed for easier battery replacement.

It is also a water bottle holder for bottles with a diameter of 75mm
