Tags: [120](#) [camera](#) [film](#) [land](#) [polaroid](#)

This kit contains all the parts needed to do you own Polaroid land camera conversion.

I sell this kit on My Etsy store but I want to offer it to individuals who own or have access to a 3D printer.

<https://www.etsy.com/listing>

This kit of parts will get you started on converting your own Polaroid land camera to shoot 120 format film.

This kit will fit the following list of Polaroid cameras that originally shot type 40 roll film.

Polaroid Land Model 95 (1948)

Polaroid Speedliner (Model 95A of 1954 and 95B of 1957)

Polaroid Model 100 (1954)

Polaroid Pathfinder (Model 110 of 1952, 110A of 1957 and 110B of 1960)
Polaroid Model 700 (1955)
Polaroid Model 800 (1957)
Polaroid Model 150 (1957)
Polaroid Model 900 (1960)
Polaroid Model 120 (1961)
Polaroid Model 850 (1961)
Polaroid Model 160 (1962)

Breakdown of parts included in this Kit:

1xfilm mask guide
1x film roll holder
2x adaptor take up spool sets
set of simple instructions for camera conversion

For additional instructions on how to use this kit follow the steps in this video:

<https://www.youtube.com/watch?v=sixckNPs1Po&feature=youtu.be>

What is not included in this Kit!:

1x empty 120 film roll
2-2#x3/8" mounting screws

you will need to have your own Polaroid land camera to do this conversion
as well as
a winder knob from a Argus C3 35mm camera. (or similar model)
