## Summary

Quick and visual Maker Coin to demo your filament types and colours which can be contained in purposely designed racks.

[3D Printers](#) > [Test Models](#)

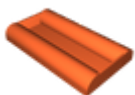

Having got a sample pack of filament of Esun PLA Plus. I didn't really know what to do with them. I saw a youtube video from Maker Muse which inspired me to design my own maker coin. Along with the rack this is a practice solution to test and display all your filament types and colours.
