updated 10. 8. 2022 | published 10. 8. 2022

### Summary

Parametric storage box, designed with playing cards in mind, but made parametric for easy modification.

[Toys & Games](#) > [Other Toys & Games](#)

Card storage box, but designed to be parametric so you can adjust for any size cards, or even for any other use. Only limitation is the compartments are all identical in size.

Including STLs for a 24 deck organizer for playing cards. Works well with Bicycle brand decks.

### Model files

#### playing-card-box-v2.stl

☐ Will need top and bottom separated and oriented to fit your printer.

#### playing-card-box-v2.f3d

☐ Source Fusion 360 file for parametric editing.
