Summary

****I have a new version of this model on my profile**** Tool Holder For Small Pliers And Cutters

[Hobby & Makers](#) > [Tools](#)

Tags: [tool](#) [holder](#) [organiser](#) [storage](#) [rack](#)

This is a holder for some small pliers I had, I kept on losing them in a box of other tools and every time I needed them, I could never find them, so I created this rack to sit against the side of the box and hold them out of the way.

It can get a bit top heavy so I would recommend adding some small metal weights to the bottom side to help counteract it.

Any questions feel free to leave a comment and I will try to respond.
