Summary

A hole punch Tray for hole punches

[Hobby & Makers](#) > [Organizers](#)

Tags: [hole](#) [punch](#) [storage](#) [tool](#) [tray](#)

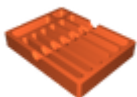

This is a small storage box for a small hole punch kit, it holds 2x3mm 2x4mm 2x5mm 1x6mm 1x7mm 1x8mm.

I designed this as a nice way of keeping them separate and easier to use and find the correct size. They go from 3mm to 8mm (smallest to biggest).

Any question or problems feel free to leave a comment and I'll try my best to respond.
