Summary

So here is my take on a Barrel O Huggys as per request of my son.

So here is my version of Barrel O Huggys with decal. Best printed at 0.2 with 10% infill. Supports are needed for the outside of the barrel. This design needs 8x 6.5mmx3mm magnets (or smaller) for the lid and 24x 4mmx3mm googly eyes. Reference image for the game included in the Photos.
