Tags: [holder](#) [paintbrushholder](#) [pencilholder](#) [penholder](#)

Inspired by [Massa0815's Pencil Pen Brush Holder Stand](#), this is a simple hexagonal paintbrush holder. It holds pens and pencils as well.

If you like it, don't be shy and let me know. If you ever print it, I would appreciate any pictures you could post.

Printing settings

Printer brand: Creality
Printer: Ender 3 v2
Rafts: No
Supports: No
Resolution: 0.28
Infill: 20% - cubic
Filament material: PLA+

Notes

To print individual parts there's no need for supports. To print the whole model at once supports are mandatory.

I didn't print the entire model at once, so I can't guarantee that the print is feasible, but I think so.
